We are currently rolling out our first completely reproduced M&W turbocharger kit, the model T-7 for the IH Farmall 806/856, with more completely reproduced kits to follow in the next several months. Approximately twenty of the most popular M&W turbocharger kits will be reproduced, representing the majority of the kits produced and sold.

M&W Turbo Kits | Rajay Turbo Kits | Turbo Rebuild Kits

The oil capacity of the D-310 is 12 quarts. In addition to a diesel engine, the Farmall 756 was designed with the optional C-291 gasoline or LP gas motor. Both C-291 engines are six-cylinder and have the same rpm rating as the diesel. The compression ratio for these engines is 7.6-to-1, and each requires 9 quarts of oil.

Engine Specifications for a Farmall | Our Pastimes

Large stock of dependable used engines for John Deere®, Case IH®, New Holland®, International®, Allis Chalmers®, Cummins® and many more. Our expansive inventory comes from our ability to take them out of tractors, combines, irrigation units, cotton pickers and much more that we salvage here at Abilene Machine.
