Politics matters. That is the core message of this book.... [The authors] wrote [this book] to provide [their] readers with a better understanding of [the] political system. [It] frames its content with a public policy approach to government in the United States. -Pref.

NOTE: You are purchasing a standalone product; MyPoliSciLab does not come packaged with this content. If you would like to purchase both the physical text and MyPoliSciLab, search for ISBN-10: 0134114027 / ISBN-13: 9780134114026. That package includes ISBN-10: 0133913309 / ISBN-13: 9780133913309 and ISBN-10: 0133930645 / ISBN-13: 9780133930641. MyPoliSciLab should only be purchased when required by an instructor. For courses in American Government Understand American politics from past to present American Government: Roots and Reform helps students view the issues facing the United States today through an historical lens. By presenting coverage of the origins of American government in tandem with material on contemporary political structures and behaviors, the authors help students see how what happened in the past can be used to understand what measures should be taken in the future. In order to boost student engagement with key concepts, the 2014 Elections and Updates Edition incorporates coverage of contemporary issues that dominate today ' s headlines, as well as the most up-to-date data. Also available with MyPoliSciLab® MyPoliSciLab for the American Government course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they ' ve learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyPoliSciLab does not include an eText. American Government: Roots and Reform, 2014 Elections and Updates Edition is also available via REVEL™, an immersive learning experience designed for the way today's students read, think, and learn.

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

Clear, concise and straightforward, CALIFORNIA POLITICS AND GOVERNMENT: A PRACTICAL APPROACH, 14th Edition, is the most up-to-date and readable text on this subject. Students gain an understanding of how government and politics work, as well as how they affect their world. The book provides insight into real-life politics as it illustrates the complex forces at work in state government, and current examples enable students to comprehend the ins and outs of California politics. Coverage includes the 2016 elections as well as updates on judicial appointments, the impact of revised term limits for legislators, the state of California's budget, crime and prisons, water and immigration policy, and more. The impact of politics on public policy is integrated throughout the text, helping students see the impact of government and legislation. This text is ideally suited as a companion for an American government class, as well as a foundation for a course on state government. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

With fresh insight from new co-author Andrea Campbell, We the People, Twelfth Edition, once again sets the standard for showing students how government impacts their lives and why it matters who participates. Campbell relates true, personal stories of how government affects ordinary citizens. This focus is reinforced by the book's signature "Who Are Americans?" and "Who Participates?" features which motivate critical thinking about how Americans experience and shape politics. Learning goals ensure that students maintain consistent focus on core concepts in the text, in its companion InQuizitive learning tool, and in supporting critical-thinking exercises.

Emphasizing the relevance of politics and government in everyday life, We the People provides tools to help students think critically about American government and politics. The Sixth Edition has been carefully updated to reflect most recent developments, including the ongoing conflict in Iraq and the 2006 midterm elections. Complemented by a rich package of multimedia tools for instructors and students, including a new video-clip DVD, We the People is now more pedagogically effective than ever.
