It all started with a pinky swear...Linden McGregor is tall, rugged, and gunslinger handsome; a helicopter pilot with a Scottish brogue and charm to spare. He's also one of Stephanie Robson's best friends and has fit into that box for as long as she's known him.Beautiful, funny and an ambitious businesswoman (with one hell of an ass), Stephanie Robson is one of Linden McGregor's best friends and has fit into that box for as long as he's known her.But some relationships can't be boxed, can't be classified, can't be tamed.Back in their mid-twenties and tired of the competitive hit-or-miss dating scene of San Francisco, Steph and Linden made a pact to marry each other if neither one of them were in a serious relationship by the time they hit thirty.It sounded like fun and games at the time but as the years to thirty tick past and lovers come and go out of their lives, the pact becomes larger than life.Sex is inevitable. Friendships are tested. Hearts are on the line.The pact is about to change everything.

Magazine editor Macie Graham always gets her story—and she needs dirt on smokin' hot media personality Ross Mannon. After he trashes one of her articles, jeopardizing her job, she goes undercover to get revenge on the infuriating Texan. At the end of his rope when his teenage daughter starts acting out, Ross decides to hire a housekeeper and role model to help. Luckily the perfect woman shows up. A bit too perfect, as the more he gets to know his gorgeous, red-stiletto-wearing employee, the more attracted he becomes. "Operation Cinderella" was a foolproof plan, but Ross proves he's as perfect behind-the-scenes as he is in public—until Macie uncovers a secret that could destroy his reputation. Everything she's worked for is within reach, except the fairy tale ending she didn't even know she wanted.

Bukowski est un écrivain considérable. Un homme en marche. Un homme étincelant. Avec l'énergie du désespoir, il secoue comme un vieux sac notre civilisation fin XXè siècle. Et ce qui tombe n'est pas joli, joli. C'est brutal. Claire Gallois, Le Figaro Toutes les histoires de Bukowski sont aussi vraies qu'infectes et, en cela, font honneur à la littérature : il raconte ce que les autres enjolivent et dissimulent. Le sexisme, la misère du quotidien, la violence et les sentiments de ceux qui se curent le nez. Et c'est pour ça qu'il gêne : il parle à tout le monde. Jean-François Bizot Les Contes de la folie ordinaire ont été portés à l'écran par Marco Ferreri avec Ben Gazzara et Ornella Mutti.

MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Look for all of Karen Marie Moning's sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG BONUS: This edition contains an excerpt from Karen Marie Moning's Bloodfever.

Mistaken for a young boy, she lives in fear of being found out and sold. Her only companionship for the next four years is her grandfather and the Pactors, a large creature used for hauling the mining ore that she takes care of. She dreams of the day when she and her grandfather will somehow escape and return home to the rolling green hills of their farm.Calo and Cree Aryeh have been secured as the personal guards for Creon Reykill's mate, Carmen Walker. The twin brothers are a rare species of dragon known for their fierceness in battle. Born to the mystic dragon clan of the Northern Mountains, they have given their allegiance to the Dragon Lords vowing to serve and protect the royal family and their new true mates. The brothers know they will never be able to have a true mate of their own. Never in the history of their clan have twin dragons been able to find a mate capable of handling two male dragons. They can only hope that they die in battle so they are not destined to be caged when the loneliness eventually drives their dragons insane.The twin dragons are confused when two humans are discovered on an abandon asteroid mine. The old man and his grandson appear normal enough but their dragons and their symbiots are driving them crazy, insisting the boy is their true mate. Neither know how to handle the other two parts of themselves or their need to remain close to the boy. On top of that, the young human male refuses to have anything to do with either of them. He hides and avoids them every time they get near him.Things become clearer when they discover Mel is really Melina. Unfortunately, finding out their true mate is really a woman does little to change her feelings toward them. She is even more determined to return to her world.When her wish comes true, the brothers know they have no choice but to kidnap her and hide her away. Can they convince her to give them a chance at happiness or will she seek protection from the royal family they have vowed to serve? If that is not bad enough, there is another who has his eye on their mate and will do whatever is necessary to keep her – including killing the twin dragons who have claimed her first.
