It's questions like this
that made me really
appreciate the manuals
that came with the 777.
I was on a flight where I
needed to dump some
fuel to meet landing
weight requirements. A
trip to the manual, then

Access Free

Pmdg 777

the checklists and I was able to correctly dump the fuel down to the weight I needed. A true testament to the detail of the manual and the simulation. THANKS PMDG! Thanks also to the beta ...

In this book the author applies contemporary error theory to the needs of investigators and of

Access Free

Pmdg 777

Anyone attempting to understand why someone made a critical error, how that error led to an incident or accident, and how to prevent such errors in the future. Students and investigators of human error will gain an appreciation of the literature on error, with numerous references to both scientific research

Access Free

Pmdg 777

Tutorial
Manuals

and investigative reports in a wide variety of applications, from airplane accidents, to bus accidents, to bonfire disasters. Based on the author's extensive experience as an accident investigator and instructor of both aircraft accident investigation techniques and human factors psychology, it reviews

Access Free

Pmdg 777

recent human factors literature, summarizes major transportation accidents, and shows how to investigate the types of errors that typically occur in high risk industries. It presents a model of human error causation influenced largely by James Reason and Neville Moray, and relates it to error

Access Free

Pmdg 777

Investigations with step-by-step guidelines for data collection and analysis that investigators can readily apply as needed. This second edition of Investigating Human Error has been brought up to date throughout, with pertinent recent accidents and safety literature integrated. It features new material on

Access Free

Pmdg 777

fatigue, distraction (eg mobile phone and texting) and medication use. It also now explores the topics of corporate culture, safety culture and safety management systems. Additionally the second edition considers the effects of the reduction in the number of major accidents on investigation quality, the

Access Free

Pmdg 777

consequences of social changes on transportation safety (such as drinking and driving, cell phone use, etc), the contemporary role of accident investigation, and the effects of the prosecution of those involved in accidents.
