Lakes Superior and Michigan have long played a vital role in shaping our state's history, culture and economy. For forty years, the Wisconsin Coastal Management Program has collaborated with governments and nonprofit organizations to preserve and protect this crucial resource, and, since 2002, has promoted public awareness of issues affecting the lakes in its annual Wisconsin Great Lakes Chronicle. Great Lakes Chronicle: Essays on Coastal Wisconsin brings together more than one hundred articles by coastal management practitioners, providing a broad perspective on issues affecting Wisconsin's Great Lakes shorelines, and advocating for the wise and balanced use of our coastal environment for the benefit of people now and in the future.

Before Chipper Jones became an eight-time All-Star who amassed Hall of Fame-worthy statistics during his nineteen-year career with the Atlanta Braves, he was a country boy from small-town Pierson, Florida, who played baseball in the backyard with his dad and dreamed of the major leagues. With his trademark candor and astonishing recall, Jones tells the story of his rise to the MLB ranks and what it took to stay with one organization his entire career. Beginning with learning the art of switch-hitting and being the number one overall pick for the Braves in the 1990 draft, Jones takes us into the clubhouse of the Braves' extraordinary dynasty, from the climax of the World Series championship in 1995 to the last-gasp division win by the 2005 "Baby Braves". Along the way, he delves into his relationships with Bobby Cox and the famous Braves brothers -- Maddux, Glavine and Smoltz -- and opponents from Cal Ripken Jr. to Barry Bonds, his overnight rise to superstardom and the personal pitfalls that came with fame, his spirited rivalry with the Mets, and his reflections on modern baseball and his special last season in 2012.

Assembled from hundreds of original documents, including intimate shipboard journals kept byShenandoah officers, Sea of Gray is a masterful narrative of men at sea The sleek, 222-foot, black auxiliary steamer Sea King left London on October 8, 1864, ostensibly bound for Bombay. The subterfuge was ended off the shores of Madeira, where the ship was outfitted for war. The newly christened CSS Shenandoah then commenced the last, most quixotic sea story of the Civil War: the 58,000-mile, around-the-world cruise of the Confederacy's second most successful commerce raider. Before its voyage was over, thirty-two Union merchant and whaling ships and their cargoes would be destroyed. But it was only after ship and crew embarked on the last leg of their journey that the excursion took its most fearful turn. Four months after the Civil War was over, the Shenandoah's Captain Waddell finally learned he was, and had been, fighting without cause or state. In the eyes of the world, he had gone from being an enemy combatant to being a pirate's hangable offense. Now fearing capture and mutiny, with supplies quickly dwindling, Waddell elected to camouflage the ship, circumnavigate the globe, and attempt to surrender on English soil. "A superb account of how the Confederate raider Shenandoah brought the American Civil War to the farthest reaches of the world." -- Nathaniel Philbrick, author of Mayflower and Sea of Glory
