...

The television was invented in the early 20th century as a novel way to transmit moving pictures through radio waves. Early television sets actually used mechanical means to etch out a picture from a signal using a Nipkow Disk, with the first demonstration taking place in Paris in 1909. This early "television" technology was capable of transmitting an 8x8 pixel image, with the first ...

Most CRT problems are really problems with the power, video adapter, cable, or hardware/software settings. To eliminate the CRT as a possible cause, connect the suspect CRT to a known-good system, or connect a known-good display to the suspect system. It is worth noting, that older CRTs eventually wear out, and starts dimming.
