Mickey Petersen has a really interesting post on the technical details of how he wrote Mastering Emacs. It's not surprising that he used Emacs, of course, but less obviously he chose reStructuredText as his source format. That choice was driven by the fact that he wanted to produce both PDF and ePub output.

Mastering Emacs is the first tech book in a long time I've read cover-to-cover, taking notes and making bookmarks as I've went. I've referred back to it many times in trying to get more helpful commands in my daily workflow. I gleaned a lot and - ironically - the biggest point Petersen makes is that Emacs is self-documenting.
