Alfred Weber (1868-1958), with the publication of Theory of the Location of Industries in 1909, put forth the first developed general theory of industrial location. His model took into account several spatial factors for finding the optimal location and minimal cost for manufacturing plants.

Location Theories in Production Management in Production ...

Some of the locational theories of agriculture and will mainly focus on Johann Heinrich von Thunen's theory of agricultural location. 1. Von Thunen's Location Theory: The analysis of land use patterns has long been one of geography's basic concerns. At first, it might appear as if agricultural land use is little affected by relative location, once the factor of a suitable market has been acknowledged.
