Policing And Punishment In London

4 The third theme, therefore, by which Beattie establishes London's unique role in early modern criminal policy, is how the search of a workable and successful intermediate punishment between the severity of hanging and the supposed leniency of branding was shaped by London's problems and their representation to the political world. Transportation emerged in the 1660s as the favored penalty, but it was not without its problems.

How Suspects were Apprehended. The period from 1674 to 1913 witnessed the transformation of policing in London from a system that relied on private individuals and part-time officials, through the development of salaried officials and semi-official "thief-takers", to a modern professional police system. In the process the mechanisms by which the people tried at the Old Bailey were identified and apprehended was radically transformed, and ultimately brought under the control of the state.
